

EXPERIENCE

Retorio GmbH, Munich — AI Engineer – Working Student

March 2022 - PRESENT

Supporting the development of new CV and NLP models and training them using the GCP platform.

Tazi.ai, Istanbul — ML Engineer – Internship

July 2020 - September 2020

Worked on Variational Autoencoders to develop a feature selection method using the language Scala.

SUTAS Sut Urunleri A.Ş, Istanbul — SWE – Internship

June 2019 - August 2019

Worked on a native Android Development project that consisted of Design, App&Backend&Database Implementation. Additionally, Taken courses that encourage SAP and its submodules.

PROJECTS

Investigating Bias and Discrimination in Movies using Deep Learning — Bachelor Thesis

Conducted research on movies, mostly Hollywood, using a very wide dataset called MovieNet¹ using computer vision techniques with advisors Pinar Yanardag² and Suzan Uskudarli³. Consists of implementing and re-using Deep Learning architectures, pre-trained models, and analysis tools in Python.

Platon — Design and Development for Web & Android

Developed an application for the use of academicians and researchers called Platon. 10-People started with an app idea as a project in CMPE450 - Software Engineering course, and designed it. After completion of the design phase, implemented backend, android, and frontend parts.

- <https://github.com/darktheorys/bounswe2020group7>

Basic Algorithms & Methods — Machine Learning

Implemented basic Machine Learning algorithms and methods. Consists of Decision Tree, Logistic Regression, SVM, PCA, and K-Means implementations.

Ömür, Burak

An experienced student,
Statistics & AI Enthusiast

53, Nanga-Parbat Str.

Munich, DE 80992

(+49) 178-205-7824

burak.omur.1998@gmail.com

SKILLS

Python:

Pytorch, Tensorflow, Flax, Numpy,
Jax, Scipy, Sklearn, Matplotlib,

C++, Scala, Java, Kotlin, Matlab

EDUCATION

School Name, Munich — M.Sc.

October 2021 - Pursuing

Informatics - GPA: NA

Bogazici University, Istanbul — B.Sc.

September 2016 - June 2021

Computer Engineering - GPA:
3.75/4

LANGUAGES

- English
- German (A2)
- Turkish (Native)
